Your Solutions Weaver and Fabric Support Partner

Geneva is an organic styled fabric resembling that of bark, reminiscent of woodland trees and Scottish tweed. It provides a dynamic pattern that is classic, dimensional, and soft to the eyes. The light-filtering style option of Geneva provides beautiful natural daylighting combined with privacy. The blackout style features a white foam backing great for residential applications.

CARE AND CLEANING

Remove dust with vacuum cleaner or compressed air. Do not scrub. Do not use solvents or any abrasive substance which might damage the coating on the fabric. Clean with a sponge or a soft brush dipped in soapy water using mild detergent. Rinse with clean water. Leave the shade down until completely dry. You can also rub the fabric very gently with a clean white pencil eraser to remove small stains.
