Your Solutions Weaver and Fabric Support Partner

Midnight is YUMA's first blackout shade fabric made from high-quality fiberglass yarn. Coated fiberglass fabrics are durable with superior heat and reflection properties, withstanding high heat levels and ensuring excellent dimensional stability and performance over time. This characteristic makes Midnight well suited for commercial, industrial, school, and even residential use.

CARE AND CLEANING

Remove dust with vacuum cleaner or compressed air. Do not scrub. Do not use solvents or any abrasive substance which might damage the coating on the fabric. Clean with a sponge or a soft brush dipped in soapy water using mild detergent. Rinse with clean water. Leave the shade down until completely dry. You can also rub the fabric very gently with a clean white pencil eraser to remove small stains.
