# RAVENWOOD

LIGHT-FILTERING (L/F)  
ZEBRA SHADE COLLECTION

Your Solutions Weaver and Fabric Support Partner

Similar to its name, Ravenwood offers a color palette comparable to that of a natural woodland landscape. Colored yarn accents of deep chestnut, golden browns, and midnight silver are just some of the beautiful shades to expect.

## CARE AND CLEANING

---

Utilize a light feather duster or hairdryer to dust the outside face of the fabric. For thorough cleaning, the use of a small vacuum with a bristle brush will work but show extreme care in making sure not to allow the fabric to enter the vacuum. Use a sponge or a soft cloth dipped in warm water with a light detergent in case of light stains. To avoid leaving a mark, wipe from the periphery of the stain and blend in the cleaning solution. The fabrics cannot be scrubbed with any hard or abrasive objects. Be sure to remove any particulates on the fabrics' surface. Regular brush vacuuming will keep your fabrics looking new and fresh. When cleaning windows around the fabrics, be sure to roll the fabric completely up to allow access to the objects you are cleaning and to minimize any harsh chemicals from coming in contact with the fabrics. Should you discover any threads or frayed edges, do not tear or pull them. Use scissors to cut away any threads gently.
