Your Solutions Weaver and Fabric Support Partner

Silk Bamboo's subtly textured surface introduces depth and dimension to any room. Choose from complete privacy with the solid white backing on the blackout collection or semi-privacy and subtle light transmittance with the color-coordinated light-filtering collection. Both styles perform exceptionally well by blocking high levels of heat and light from entering the room.

## CARE AND CLEANING

---

Remove dust with vacuum cleaner or compressed air. Do not scrub. Do not use solvents or any abrasive substance which might damage the coating on the fabric. Clean with a sponge or a soft brush dipped in soapy water using mild detergent. Rinse with clean water. Leave the shade down until completely dry. You can also rub the fabric very gently with a clean white pencil eraser to remove small stains.
